

Private dental care at Church Street Dental Surgery.

We feel it is important that we provide you with a full written estimate of your treatment costs. The treatment cost depends on the extent of work required and should your treatment plan change, your dentist will discuss this with you and update your personalised treatment plan and quote. We also guarantee all our permanent crowns, bridges, fillings and dentures for one year of normal wear.

Finance options are available for private treatments, including 0% interest schemes.

You can also join one of our membership plans and benefit from a further 10% reduction on some private treatment fees.

Our treatment fees.

Booking your appointment or consultation is easy.
